Marine Geology Volume 139, 1997

Special Issue: Phosphorus Cycling and Sedimentation in Marine and Freshwater Systems. Edited by G.M. Filippelli and K.C. Ruttenberg

Preface
G.M. Filippelli and K.C. Ruttenberg 1
Biogeochemical phosphorus mass balance for Lake Baikal, southeastern Siberia, Russia
E. Callender and L. Granina 5
Formation of ferric iron crusts in Quaternary sediments of Lake Baikal, Russia, and implications for paleoclimate
R.G. Deike, L. Granina, E. Callender and J.J. McGee 21
Seasonal variability in phosphorus speciation and deposition in a calcareous, eutrophic lake
M.R. Penn and M.T. Auer 47
Changes in extent of phosphorus release in a shallow lake (Lake Großer Müggelsee; Germany, Berlin) due to climatic factors and load
A. Kleeberg and G.E. Dudel 61
Characterization of soluble unreactive phosphorus using ^{31}P nuclear magnetic resonance spectroscopy
M.A. Nanny and R.A. Minear 77
Time variations of phosphorus and sources of sediments beneath the Chang Jiang (Yangtze River)
Ji-L. Rao and R.A. Berner 95
Phosphorus and ammonia excretion by planktonic protists
J.R. Dolan 109
Phosphorus distribution, C:N:P ratios, and $\delta^{13}C_{oc}$ in arctic, temperate, and tropical coastal sediments: tools for characterizing bulk sedimentary organic matter
K.C. Ruttenberg and M.A. Goñi 123
The use of sequential extraction techniques for sedimentary phosphorus in eastern Mediterranean sediments
L.M. Eijsink, M.D. Krom and G.J. de Lange 147
Distribution of phosphorus in sediments from Tomales Bay, California
S. Vink, R.M. Chambers and S.V. Smith 157
Early diagenetic processes in recent sediments of the Gulf of St-Lawrence: phosphorus, carbon and iron burial rates
P. Louchouarn, M. Lucotte, E. Duchemin and A. de Vernal 181
Phosphorus pathways in atolls: interstitial nutrient pool, cyanobacterial accumulation and Carbonate-Fluoro-Apatite (CFA) precipitation
F. Rougerie, C. Jehl and J. Trichet 201
Influence of water-column anoxia on the elemental fractionation of carbon and phosphorus during sediment diagenesis
E. Ingall and R. Jahnke 219
Controls on phosphorus concentration and accumulation in oceanic sediments
G.M. Filippelli 231
